Construction Update

Private Features in City Right-of-Way

If you wish to protect private features from damage during construction, please temporarily remove them from the City right-of-way. [Visit the project website for a video demonstration of areas impacted by construction.](#)

[Get the most up to date construction schedule and phasing map \(PDF\).](#)

The schedule may be shifted due to weather and unexpected delays.

Phase 3: Downtown Area/Market Plaza

- **Week of July 21:** The contractor will start removing and salvaging the pavers in the Market Plaza parking lot. City staff marked curb and sidewalk removals with white paint. Please remove any irrigation, dog fence or landscaping from these areas if you wish to protect them from damage.
- **Week of July 28:** The contractor will continue removing pavers from Market Plaza. Towards the end of the week, excavation and reinstallation of the aggregate base will take place.

Phase 4: Dakota Heights Park

- **Week of July 21:** Reclamation of the trails, parking lot and ice rink will take place.
- **Week of July 28:** Paving of the trails, parking lot and ice rink, and restoration of disturbed areas will occur.

We estimate beginning Phase 6 the week of August 4.

Further updates will be provided as the project progresses. ***The schedule may be shifted due to weather and unexpected delays.***

Please be cautious and reduce vehicle speeds when approaching crews working in the roadway. Construction personnel will notify drivers, via hand signals, when it is safe to pass around moving equipment.
