

## 2025 Miscellaneous Roadway Improvements Project Update

City of Lakeville Public Works

# Construction Update

### Private Features in City Right-of-Way

If you wish to protect private features from damage during construction, please temporarily remove them from the City right-of-way. [Visit the project website for a video demonstration of areas impacted by construction.](#)

[Get the most up to date construction schedule and phasing map \(PDF\).](#)

### Phase 5: North Creek Greenway Trails

- **Week of September 22:** Weather depending, erosion control will be placed with reclamation of the trails to follow late in the week.
- **Week of September 29:** Grading and compacting the gravel base of the trail will take place.

**Areas previously worked on that have not been seeded or blanketed will be addressed in the coming week.**

Further updates will be provided as the project progresses. ***The schedule may be shifted due to weather and unexpected delays.***

Please be cautious and reduce vehicle speeds when approaching crews working in the roadway. Construction personnel will notify drivers, via hand signals, when it is safe to pass around moving equipment.
